Past business / action items:

- Approval is requested for the meeting minutes from the August 12th meeting as drafted - Approved

## Agenda:

- Updates to the Compatible Products page for product version and Jakarta EE versions. [Tanja & Christie]  
The wire-frames were presented and discussed. Christie to evolve the designs based on the input.  
Follow-up topic: Ed commented that the existing Compatible Products page and the wireframe mockups do not distinguish between products that have entered into the Trademark Lic Agreement and those that are compatible and have not. Where are they listed? Also, why is the proof of compatibility required on the Compatible Products page? Tanja to include this one as a related topic to the original Compatible Products
