- Tanja will start Q2 report shortly and provide the link to it

## Quarterly Objectives definition: 2026 Program Plan by Quarter

- Approved [2026 Program Plan](#)
- Proposed - Objectives and goals for each quarter [2026 Program Plan by Quarter](#)
- Members: please look at the program plan and make suggestions to the plan via comments so that we can move forward.

We went through some slides on the Program Plan. Tanja mentioned she will work with EMO to provide a timeline to enable us to work on the 2027 program plan starting in Q3.

## Project Staffing Gaps

- Emails titled **“We need more of your helping hands!”** sent to:
  - Jakarta EE Working Group members mailing list
  - Ondro as representative for Participant Members
  - Dr. Jun Qian and Maggie as representatives for Enterprise Members

- Mailing list for all working group members: use this to discuss among the members to increase engagement.
  - [jakarta.ee-members@eclipse.org](mailto:jakarta.ee-members@eclipse.org)

## Jakarta EE long-term roadmap

- Dominika leads this initiative
- Emails with the following subject lines:
  - “[DISCUSS] AI Roadmap for Jakarta EE”
  - “[DISCUSS] Jakarta EE High Level Roadmap”

Dominika: at this stage it is very marketing focused. We need a key theme to feature. Thanks to Neil and Otavio for their input. She proposed a draft via email with AI focused. Keep 3 or 4 themes: cloud native, performance, ecosystem and extensions, and developer experience. If no one has objections, more work will be put into driving this. EE 12 focused mostly.

## Jakarta EE Steering Committee open call

- We should run an open call for members only possibly each quarter
- We should also have an open call for the community, at least once a year

## MicroProfile joining Jakarta EE

- Is this still a relevant topic?

## Marketing Committee Update

- Report from Dominika or Shabnam, if present

## Update from Jakarta EE Future Direction Team

- Report from Neil, if present
