Greetings Jakarta EE Specification Committee,

I request your vote to approve and ratify the update to the requirements & guidelines regarding versioning and compatibility requirements for Jakarta EE specifications.

The relevant materials are available here:

Original compatibility requirements:

https://jakartaee.github.io/jakartaee-platform/CompatibilityRequirements Google doc with updated requirements & guidelines:

https://docs.google.com/document/d/1d49zY05ZBgUp3Jge bPpYf9HU8GBbvXF

This will be a fourteen-day ballot, ending on Monday, September 11, 2023, that requires a super-majority positive vote of the Specification Committee members. Please respond with +1 (positive), 0 (abstain), or -1 (reject). Any feedback that you can provide to support your vote will be appreciated.

## Getting involved with Jakarta EE (not covered)

- Survey closed
- Shabnam reviewed <u>findings</u> last time

- No update yet on the following
  - Intend to reach out to those with interest with links to "how to contribute" information, initiate social campaign, onboarding at conferences
  - Marcin suggested leveraging JUGs reaching out to membership
  - Repeating at Livestream would be beneficial
  - Abraham wonders if an alternative contribution mechanism could be created (other than community mailing list) - how does one make "one suggestion" for example, create a "contact us" form that posts email to community alias
- Comments above provided for marketing committee consideration
