• Follow-up on July 20

Jakarta EE Developer Survey

• Would like an update from Karen or Neil next time

Jakarta EE 10 (9.1+)

• Plan reviews
  ○ https://github.com/jakartaee/specifications/labels/plan%20review
  ○ Had reached out to component spec teams whether a release review date of Oct 15 would be achievable.
• Jakarta EE Core Profile Creation and Plan review
  ○ https://github.com/jakartaee/specifications/pull/349
  ○ This (and relationship to Platform release) was a significant topic of review at Platform team and will continue to be.
• In response to Paul Buck’s suggestion, the Steering Committee requested that the Platform Project provide a date, or a date for a date, when the Jakarta EE 10 Plan Review will be initiated for the Platform and Web Profile specifications.

Jakarta EE Code of Conduct

• The Steering Committee discussed a mail from Mike Milinkovich dated June 24 and titled “Code of Conduct Status Within the Jakarta EE Community”
• The email related information about violations of the Eclipse Foundation Community Code of Conduct
• There are limitations as to what can be disclosed regarding such incidents, but Mike indicated that a number of the incidents reflected an unwelcoming tone in community interactions.
• There was agreement that the situation is not what the Steering Committee wants, and works against the goal of fostering community collaboration.
• A number of potential responses were discussed. Will Lyons proposed to draft a community note based on Steve Millidge’s reply in mail about doing a self review of the policy for Steering Committee review.
• Going forward it would be beneficial for this and other Steering Committees to publish an annual reminder about this and other norms or policies we want to promote.

CN4J Joint Messaging Document
Several meetings with members of the Jakarta EE and MicroProfile community have been held to review a joint Jakarta EE and MicroProfile presentation. The following presentation was reviewed and unanimously approved by the participants at a meeting June 29 (see meeting minutes).
